

United States Mint Releases 2010 America the Beautiful Quarters Three-Coin Set™ – Yellowstone January 5

December 29, 2010

WASHINGTON — The United States Mint will accept orders for the 2010 America the Beautiful Quarters Three-Coin Set™ – Yellowstone beginning at noon Eastern Time (ET) on January 5, 2011.

The set, priced at \$13.95, contains two uncirculated-quality Yellowstone National Park quarters—one each from the United States Mint facilities at Philadelphia and Denver—and one proof-quality coin from the United States Mint at San Francisco. The coins are mounted on a durable plastic card and include a brief description of the national park and the coin design, as well as a Certificate of Authenticity on the back.

Collectors may place their orders through the United States Mint's Web site, <http://www.usmint.gov/catalog>, or at 1-800-USA-MINT (872-6468). Hearing and speech-impaired customers with TTY equipment may place their orders by calling 1-888-321-MINT (6468). A shipping and handling fee of \$4.95 will be added to all domestic orders.

The reverse of the Yellowstone National Park quarter was designed and sculpted by United States Mint Sculptor-Engraver Don Everhart. It features the Old Faithful geyser with a mature bull bison in the foreground. The coin's obverse—common to all America the Beautiful Quarters® coins—features the 1932 portrait of George Washington by John Flanagan, restored to bring out subtle details and the beauty of the original model.

Note: To ensure that all members of the public have fair and equal access to United States Mint products, orders placed prior to the official on-sale date and time of January 5, 2011, noon ET shall not be deemed accepted by the United States Mint and will not be honored.
